This is your life

It feels so hopeless when I'm thinking
about the point we seem to have missed,
without hope our hearts are shrinking.
We have lost what's everything about.
Those days I wish that heaven was existing.
I really wish that heaven would exist.
A place that only is consisting
of what in life a man have lived without

Stick

Think of all the pain, or you could choose to ignore it.
Turn away from everything that make you cry.
You need to react before its
to late and yet another life will die,
because life's not always rougher,
life's not always tougher.

Chorus

This is your life and you cannot live without it.
This is your life you cannot live without.
This is your life and there is no doubt about it
you're life is what living is all about.
This is your life and you cannot live beside it.
This is your life you have to live within.
This is your life you cannot yourself decide if
you will live it until the end, once your life begins,
you will live it until the end, once your life begins.

It feels so hopeless, but still I am wishing
that changes will be made so again we believe,
that future will be brighter, or else I go fishing
and be holding your hand when the last sun will set.
Dreaming about tomorrow as if the sun will still be rising
tomorrow tomorrow again we achieve
the impossible deeds and all things surprising
what we have said we do but haven't done yet.

Stick

Chorus
