Faith

I'm standing in the rain

Trying to believe that

God is with me tonight

But I have lost my faith

He never answer my prayers

When I needed Him the most

Can someone tell me why?

Did He hear me when I cried?

And the time I almost died

Send me an angel

An angel that can

Save me

Save me from myself

Can someone

Give me back my faith

Faith in this world

Or am I forever damned

Damned to walk

Walk this world

In darkness
