### **Illusion**

Empty hopeful, desert  
let me see your treasure.  
I can't fight this anymore  
let me fall down to the floor.  
I see the light upon me  
my happiness grows strong  
then the darkness takes me  
and my fear goes all along.

What the hell did happen  
I thought I was in hell.  
Now I can't feel a thing  
Im like an empty shell.

Did love ever happend  
a mirage of my mind  
or was it an illusion  
Impossible to find.  
I don't longer boother  
my spirit Isn't here  
I left It in the heaven  
before I fall down here.
