## **At The Sorrowgate**

I can feel you

standing at the gateway

to my heart.

With your love

trying

to unlock the door.

As you gently slip in

frostbitten stars reconcile

a passion reckless and cruel.

Laser swirls

affected by mayhem and bloodshed

try to reach for you.

In a universe

where faith has vanished long ago

my heart is too dark to love.

You silently turn around

and close the gate

to my sorrowful heart.
