Only One

Who can tell

why you came with no words

in a shadowed dream.

Why thoughts were shaded

by a deeper wish without answers –

Who can know

why your eyes kept burning

in midnight rooms

like a truthful calling,

from a strangers land -

Left with no peace

until my heart could speak,

and now it wants to speak forever.

Only One can see that hidden road

and know the heart that seeks.

Only One can know Love

And read its promises.
