Within...

Day by day...week by week

In every way ... the truth we seek

Deep within..

Slowly our souls...change in to a new place

Huge and black...like eternal space

And deep....

A hunter we become... seeking a pray

Looking and listening.... in every way

Deep, deep within...

A quest, a mission...for both you and me

When hoping at the end...the truth we will see

Deep within...

Towards the truth our lives shall be bound

And one of these days it will be found...

Within...
