Var min.. på engelska på begäran om översättning..

Be mine

Be Mine

Right now

tonight

in the darkness

Dont bother about the inkblots
the nasty lines formed as words
share a few moments of now
no tomorrow to anguish about
no yesterday to be ashamed of

Just be
close nearby
give and take as only we want

caring
bare
naked

be mine
and I can be yours
just tonight
in a now
without tomorrow
where noone sees
where noone judges
no hate or envy is hurting

Be mine
Right now
because now
Is all we can have
