*Let's see who's life will be long and painfull ;P*

*Beg for your wish, as I start a new life.*

### **My past and last era of pain**

Im free

because

I don't care

Do whatever

I don't give a shit

anymore

I feel

good,

because

now I don't need to worry

angry people,

misunderstandings,

drama

paper in my throat

swallowed

and gone

you're gone

and you may now go to hell

or where ever you wish

I will never know

my last word to you

you never understood

and you could not let it go

The thing is,

you like drama

you like games

and I am not like that  
I think you never knew  
how to handle me

Have you ever had  
the constant ache in your stomach  
I think you'd understand  
that I want to start over

I cannot manage  
you anymore

Sorry, for how this ended  
it's the best for both

Now, may this be  
the poem about you.

because I think,  
the other one has changed a bit

Just erase the past year  
~~and pretend that I'm dead~~
