### **Where... the Silence and I are Eternal Kings (Naji Yaaqoub)**

~\*~

Where,  
The Words swoon within my chest  
I have a heart that eternally longs...

For freedom  
For love

For the incomprehensible love  
For the unwritten love  
For the silent dream

For my heart,  
Where the words in blood are falling as snowflakes  
And from the blood I rise eternal to my love and my dream

Where,  
The Words are burning within my chest I have a soul  
Which longs eternally for the skies  
For the remarkable stars it aims

They who speak to me...  
About the unborn love  
About the eternal loneliness within me

There I have a home  
A princess  
And a pen

Where,  
the Silence  
and I

Are eternal  
Kings
