### **My better nothing**

I miss not thinking  
But wouldn't trade it  
I miss not missing  
But that's about it

Missed out  
Traded everything else  
For nothing better  
My better Nothing

Days were longer  
Twice is remembered as all the time

Now twice is just a habit  
That won't last

Keep thinking nothing for nothing  
Is a win-win

But so everything  
Is lost within

If you know what I'm saying  
If you say that you know what I say  
If you say what I know  
Then I'll know what you're saying

It's been a long time  
A habit

A twice that wouldn't remain

---
