

## **Nightmare**

How do you do  
All the killing so fast  
Is it you  
Who always stays at last  
Can I believe  
Or are you a liar  
Can I receive  
Or are you a slayer

Make me fear  
Make me care

The nightmare of my love  
The nightmare's not from above  
The nightmare is hunting me  
Don't you see  
The nightmare is killing me

How do I run  
When I run into you  
Where to have fun  
When you make my day blue  
Is it true what they say  
About the sorrow  
Is that the way  
The one that I should follow

Make me fear  
Make me dear

The nightmare of you  
The nightmare came true  
The nightmare is free  
Don't you see  
The nightmare is killing me
