Crusaders (2011)

Aren't we all that
spawning in the open
looking for a prey
carnivores as we are..

who told you the lie
about the forgiving heart
it will not happen by itself
in this mechanical world

so what will we do
with this faith of ours
we have to use the sword
but how will we do it..

it's not that hard
as we think it is
it all starts out
with that only and first kiss...
