

Publicerad 2012-07-13 19:57 av Nils Teodor

This is written for my cousin's wedding

Two flames burning as One

Two islands united in the depth of Heart

Sails filled with joy and trust

a beautiful dance on the ocean of love

When there is stormy weather

and the sight is unclear

be each other's true north

and shatter all fear

Be like a flame of light

in a dark cold night

Two flames burning as One

in the fire of love

What a beauty!
