*What was on my mind this night*

### **Light**

Turn away from the dark corner

Turn around to the light

Love is within sight

If you choose to see

If you choose to be

At the center of your heart

In the depth of your dreams

In the back of your mind

Remember when you were a child

All full of hopes and dreams

All full of life

Bring back to the light

What your visions holds

In its precious hands

A world where you

May thrive

A world where you

may love

And may you open up to all the beauty

Surrounding you

As you sometimes blindly walk

With your hands on your back

Open your eyes to what truly is to see

Your heart

Your dreams

Your hopes and your love

For there are great things out there for you

Awaiting at the center of the room

This room called the world

Called the universe

Where all thoughts and feelings

Are woven into a piece of art

Rise as the sun

Glow like icy surface of the winter water

Be gentle

Be kind

Be humble

But take place

Seek all good

Seek love

Be love

Be true

Be you

- Turn away from the dark corner

Turn around to the light
