ME OR YOU?

if i should choose
i know my choise!
but i wonder
what would yours be?
would we choose the same?
or would you possebly choose me?
cause i would choose you...!
most of my existence cirkels around you
but you dosnt see it
or do you?
i hope for the famous second chance
but why?
you are not like everybody
you are you
and theres only one of you
but i still wishes for another chance
a chance to show you
to show that i am serious
that i dosnt fool aroud
that you can trust me
i burned all that i know that
but it is true
i just hope you realize before it is to late
that if i hav to choose
between you and me...
my choice is clear
i will choose you!!!
