Om det bara fanns fler som du...

Min älskade vän

Oh my. You made me cry.

I love you.

And I felt that you were lying, but I wanted you
to tell me.

I'll always be here for you, and you'll never bore me or anything else.

I'm always here to listen.

I know how you feel.

And I am so sorry that you have to go through that.

I love you so so much. And I know, that you will handle everything.

You are strong, I have no doubt in that.

You don't have to lie to me.

I know you very well...

Oh what I love you, darlin <3
