### **Traveling**

The sound of the '70 s in my radio  
For four minutes and eight seconds  
It takes me back to a time only visited for a year  
When I was born in 1979  
Before the brightness of the eighties  
Before Cobain and Alanis  
Of the nineties

In my head I am traveling far back in time  
Visiting the years of the seventies  
For four minutes and eight seconds  
Then I head back to 2013  
Who said you can't time travel?

Music takes you around the globe  
Through time and space  
Guess that is what I love about it  
No boundaries  
Just traveling through space  
With good music on my ear

For four minutes and eight seconds  
From 2013 to 1969 and back  
~~- Who said you can't time travel?~~
