So Beautiful

So beautiful you are my friend...

So beautiful...

How does that lonely tear fit between your lips...

I can't tell...

Taste the ocean...

Drowning your heart...

Feed on the salt water...

And I close my eyes...

A scream from your voice...

To my ears, but I'm deaf...

Listening to empty words...

And you smile for a while...

And I just say...

So beautiful you are to me...

So Beautiful
