Lyssna gärna på låten "Always enough" av casting crowns medan du läser, det ger den en djupare dimension, enligt mig.

As long as, I will live

Hear my prayer

Of love and comfort

I need a safe world
to let my agonized scream
leave my lips
and with it
will the pain leave

I need a bright world
to heal the wound
and feel the scar
become
what once was pain
into a sky-wide strength

Let my strength
be what I need
Given by my past
and help me
above the suffering

I can't surrender
I wont give in
As long as time
will be time
As long as home
will be home
As long as
the world keeps spinning
There will be tomorrow
And I will live
In a world of everything
In a life of all
I will live
