**Unscram me**

Unsee me now.

Wash your hands from mine.

I have nothing to give  
nothing to hold.

Every lingering look  
leaves stains of shame.

Unscram my dreams.

Repaint them white.

I can't forgive or forget  
the monsters unleashed.

Every safe room is  
padded with lullabies.

Unbreak me now.

Restore my innocent trust.

I have replaced it all  
with tainted provocations.

Every lick and naked bite  
comes with a price.
