Out of ashes...

As a comet of fire and ice,
you sent me crashing down.

As a bolt of lightning,
I hit the ground.

Out of the ashes of what once where me,
life anew shall spring.

like a phoenix, spread its wings,
my heart shall open.

To protect you from harm,
And my life will forever burn with love.

Love for you who let me burn,
to become the one I will always be.
