### **Feel what I feel**

Listen Love

I've been trying

to tell you

Trying hard for you to understand

What is the holdup?

Baby, cry it out

(Chorus)

We can hold the floor, maybe

Pretty Lady

don't you realise

I can't fight it any longer

I love you too much

to walk away

Right now, but I swear

that

I'd do it

still

If you do not feel what I feel

Right here and now baby

Right here and now

Put aside all your anger

Subside to the better

So we can communicate

By the letter

Stop this hate

To love one another

Instead

But I go crazy

By this arrogance

This pitiful

Irresistible

Ignorance

(Chorus)

Baby

We can hold the floor, maybe

Pretty Lady

don't you realise

I can't fight it any longer

I love you to much

to walk away

Right now, but I swear

that

I'd do it

still

If you do not feel what I feel

Baby, I run dry

Got no words

To answer

Now

Why darlin why

Is the question

Unfolded

You make me wanna

Scream

And shout

Empty this gun

Jump from a plane

Does it really matter

How

I die

Right now

This living is insane

Either how

But hey

We can hold the floor, maybe

Pretty Lady

don't you realise

I can't fight it any longer

I love you to much

to walk away

Right now, but I swear  
that  
I'd do it  
still  
If you do not feel what I feel

Right here and now baby  
Right here  
Right now  
Feel what I feel

---
