Bättre förslag på titel skulle uppskattas med ett uns kritik.

Just being the way she is drives me more insane

Fell like a piece of broken glass onto the floor -- broken and alone.
Questioning Everything i used to know -- was i really nothing more but your toy.
I try Calling -- but you won't answer your phone.
I can't even remind -- what happend last time.
I stept in through your door -- drunk on courage and more.
And you help me to your bed -- i told you i can't deny it anymore.
I'm in love with your smile -- your lips and your Eyes.
I'm in love with the sound of your voice -- all your scars and your faults.
And you tucked me in -- tight and wished me good night.
As you went out -- to see some other guy.
you left me lonely and filled of regret -- why can't you see.
That someone like you -- deserves someone like me.

Beacuse i can not be what you want me to be.
That bad boy who's out drinking -- and partying every day.
That guy you went out with late last night.
If i could -- belive me i would.
i just some times wish that you'd see the would as my should.

If i only could stand to be away from you -- i would easily forget about you.
which is why -- i'm Always right there by your side.
Trying to hide -- that being just friends is fine.
I dont even know what i'm doing anymore -- still sitting right next to you.

Beacuse i can not be what you want me to be.
That bad boy who's out drinking -- and partying every day.
That guy you went out with late last night.
If i could -- belive me i would.
i just some times wish that you'd see the would as my should.

Oh my god it's your Eyes -- why can't i just forget your smile.
And my god it's the letters in your voice -- i swear i can't do this anymore!

You're warm lips up against mine.

some day i swear you'll be mine!

Beacuse i can not be what you want me to be.

That bad boy who's out drinking -- and partying every day.
That guy you went out with late last night.
If i could -- believe me i would.
i just some times wish that you'd see the would as my should.

If you'd only see the would...
