See Me

I'm wide open
Inside and out
This is me you see

Thrown all over
Are the pieces
That make up Me

I am dark I am light
I am day I am night

Broken and mended
Deserted and tended

All through good and pretty
Deadly charming and witty

Soft and hard
Brittle to shard

I am evil and kind
One way, two kind

I am sweet and spicy
Hot and icy

Brimming with passion and
Lingering lust at hand

I am the wild and the free
I am everything you see
