Livsskådning kan man säg. (david vs goliath)

One eye inside the pyramid.

One eye that don't touches the sides,
Ones we shooked in fear of time,
One eye that keeps the smile,
One of us dies,
One of us cries,
One eye that sees the industry and all of it's lies,
One of many people who raised their fist,
One eye in pain alone in the mist,
One I that still resist,

This pyramid of time,
This wekeness that they call pride,
This green in exchange for my life,
This pain of their rusty knives,
This pyramid becomes my wife,

All of the human world is stuck,

In The Pyramid-Mindfuck.
