

Publicerad 2017-02-21 19:02 av Bigtree

Yourself.

Down in the deep dark self.

You only have to face yourself.

It is scary.

To see the things that you do not want to face.

But it will make you strong.

To face your problems head on.

But to be happy with the choices you make.

And use the help you need.

because when you look deeply.

It is only yourself.
