Tom

I tried saying it all to you

i tried to make you eat enough

to take my hand my mouth

my heart my life my love

my soul i can cant say no now yes

I give it a rest, you wont give it up

And i realized the thought essentially wasnt even there

to start with we follow the tide, we hide

andquietness becomes her sorrow

steel beg borrow a heart silence

thats bound for a fragile fail

steel beg borrow a heart

oh no tear it apart

so she stays strong

Asured that sorow

she holds on

Asured that brethtaking happiness

who can give her the inner strenght nothing less

of solitude and trust

you and me the crust

Me myself and i the Ooooo

You know
