En lite annorlunda gammal text jag skrivit.

Rain

It started to rain,

I knew it was the sign.

I immediately felt a deep pain,
a pain in my heart.

You had gone to the other side at last,

The rain cried for you...

I started to think of our past,

when we were the best of friends.

But your death was good in a way,
you didn't have to feel your pain anymore.

Your pain has gone to an end, that's all I can say.

But I already miss you so much,

But I will see you again,

on the other side, wait for me there.

The only question is when?

But don't worry, You will be in my heart forever.
