## **Seasons of fire**

Screaming hordes  
of banana laced citizens  
pursue flippant domains  
sequester insidious remains  
and bolster corruption  
the lightening attacks of  
titans  
reclaim the seasons of fire  
insipid crumbs of civilizations  
long dead retaliate in legion  
formations  
endearing the Pope  
to their cause celebre  
the plume rises above the masses  
gathered to hear  
his insinuation of victory  
for God  
imagination forces cessation  
of hostilities  
hostages are taken and  
the Stockholm Syndrome  
reigns complete  
alas the seagull knows the  
truth of the deception that  
writhes within  
encrusted scabbards that labour  
for the recognition of guilds  
reply in kind and seek the salvation  
of the mighty seekers of the golden  
dome who squat shoe less and  
scamper about the vicinity of the  
multiplex with access to the recesses  
of reality  
glittering ramparts of em-battlement  
now abandoned inconsequential  
to the passing observer  
who climbs the wall in search of  
secrets of the ages  
cringe in desperate annunciation

apologies are proffered  
in chagrined humility  
of the rising star's  
brazen laughter  
Aladdin bows
