Bird in the morning

Oh you pick me up and we drive away

Laughing saying someone must have heard all our prayers

You kissed me deep like the Universe was there

In this whole moment it was honest and clear

Our hearts was racing so Wildly in the deep

Sleep never mattered we were living in the heat

In this whole moment it was so honest and clear

And the day was easy when life was is at its best and we were there

We said to eachother

We'll figure out all of the rest

Stay in my tree i will bild you a nest

The sun was a beam on the glittering sea

I told you all my secrets and What you meant for me

Mmm you promised me heaven

Mmm we talked until seven

In the morning, as the early Bird were calling

In the morning as the early Bird were calling

The sun was a beam on the glittering sea

I told you all my secrets and What you meant for me

This was just a dream

I wanna say but was it was all in my mind

This was the silent moment of a wish so

hidden in time
