desire

well

i used to fall in love with women
and then when i went to bed or woke up
id write poems in my head for hours.

they got it somehow

thats real desire
theres a leona naess song about that
could recommend

both men and women are
guilty of using their sexuality
before anything else

guys dont often show their muscles
but women often show cleavage

so id say its more
female sexual abusers
guys arent allowed to complain
they should "appreciate"
the womans sexuality
no matter what
