**Take me to wonderland.**

And help me understand.

How a girl like me can smile.

After this long long while.

Oh, sugar.

Come and take my hand.

Yeah, help me understand.

Why the stars are sparkling.

Just for us.

Show me heaven,

and what it means to us.

Oh lovley.

Take me to wonderland.

I want to ride that carousel.

And have my hair,

flying high in the air.

I want to scream,

like if i\'m suppose to die.

And if i cry,

I\'m the happiest girl.

In the whole world.
