

Publicerad 2006-11-19 12:53 av Drowzee

I wish I had an angel

I wish I had an angel

with white wings and a smile on the lips

I wish I had an angel

who did everything to save me from the evil

I wish I had an angel

who trust me and listen to what I'm not saying

I wish I had an angel

who always is there for me with a happy face

I wish I had an angel

but angels doesn't exist..
