*En dikt som jag skrev när jag var lite kär men sen ine blev som jag hade tänkt mig...*

### **Secret in love!**

When you are in love  
you feel so happy and positive.  
Everytime you see your love,  
you want to smile and wish that you could be in your love arms.  
you dream every night about what you should do to make a contact.  
When you are in love  
you feel so warm inside,  
when everytime you see your love laugh and smile.  
You remember everything your love say,  
when he/she talks through night and day.

The worse thing you know  
when you are in love  
is when you found out that your love has someone else  
you want to cry, but you can't  
you feel so crushed  
you thinking: why didn't I try more?  
you have anxiety about your past,  
you had your chance, but you never took it.  
you feel like what ever you do,  
you just embaressed yourself  
or afraid that you say something wrong  
Secret in love  
is never good  
because you are too shy  
But then you realize,  
you never had your love for your own  
you just loose the chance  
and put it behind you and move on  
You learn next time what you should do  
when you are secret in love...
