

Publicerad 2007-07-15 23:19 av Erédian

**yeah, I want my life to be a movie**

yeah, I want my life to be a movie

and you tell me that there are oceans between us

you may be right, but I dont want to know..right now

I need you to get real again, to see clearly

Oh, I'll keep listening..to you

these words makes me free

can't promise that I'll need you then

when I'm through

---
