

Publicerad 2007-08-22 13:26 av In search of sunrise

Right here...

I'm not here so you can play around

Fight your battles on someone elses ground

And we are through, is it to be free

I don't want you to hurting me

At it taking time so much time for me to understand

I try to be strong now

I try to stand proud

Why should i share with you now

When you wont share with me

Right here...

What goes around comes around...
