## Love

Love can be good or bad ,It depends on how you feel.  
It can make you exited and happy Or sad and depessed.  
Happy if you love someone and you have that person in your life.  
But sad if you know that the one you love never gonig to be your\'s.

How ever ,If you got that one in your life.  
Hold on to him/her for all that in worth ,cuse it can be gone in a second if you just let go for a litle bit.  
But don\'t hold to tight ,Hold Him/her with your love.  
It dosen\'t make much sence i know but ,you\'ll know if you hold Him/her right.

But love can make you sad to...  
For example ,If you really like a boy or a girl and you just know that the one is too good for you.  
Try any way ,cuse you\'ll never know if you\'ll get a shot.  
You can get relly sad if you think find \"The one\" and Him or her break\'s up with you...  
That really hurt\'s.

//All that i writh about comes from persnol experians or from my heart..
