Long lost love

Tears are falling from my eyes,
As I sit and cry at night.
Blood is dripping from my heart,
As I try to write.

I have so much pain,
I'm hurt a lot,
I can't explain all this,
I'm just falling apart.

No one understands,
I don't know where to start and I don't know where to end.

Love hurts so much,
Like thousand stabbing knives,
Especially when you have all this pain,
That you wish you could deny.

I'm so sore right now,
My heart is racing fast,
I wish I could forget all this,
And leave it in the past.

But there will always be a memory,
A memory of us both,
How we both loved each other,
And in my heart I'll hold that thought forever.

I will always hold this memory even though you won't care,
And the scar you left in my heart will always be there.
