**You cant hold her too tight!**

\ "You cant hold her too tight\  
this isn\'t a matter of security!

You see me as I take my \ "pride\  
but this has to do with life...  
and the way I walk beside the line!

To the fact of destruction of men,  
you put me down among the once who failed..

I feel no need to fight,  
when I\'ve got rights on my side!

Publicity does not interest the corner of my eye..  
And in sensibility means, I stand straight!

Even though destruction is under construction...  
I\'ve still managed to get by,

with the ability to sense love, and separate it from hate.
