*känslor om deprission bl.a \**

**Like nothing I've ever known**

Something I have ever seen, never seem to this way.

Something I have ever felt, maby it will stay.

Hear I am, with words for you.

I'm praying, I'm falling. I hear my heart calling for help.

I never felt of this before. It's like nothing that I've ever known.

---
