Wishes are for Dreamers

You said,
You said you don't care anymore.
And I wish that I could be
A better person
(The person you crave me to be)
I know nothing else but this
For this is who I forced myself to be
In self-preservation
(I'm sorry, I said I'm sorry)
This is all I can be.
But I wish
I said, I wish that wishes
Were not only for dreamers
And that dreams
Were not only for believers
For I am neither.
