Så här kändes det när jag som 20-åring precis hade träffat min pappa efter 17 års frånvaro.

Dad

Before I met you I never missed you.

Before I met you I barely thought of you.

Then I found you and everything changed
because I found myself too.

The more I see you
the closer I want you.

The more I hug you
the more I need you.

The more I talk to you
the more I have to say.

The more I experience on life's journey
the more I want you to be here with me.

You started to be on my mind
in the morning and at night.
I started missing things I never missed before.
I discovered parts of me that I never knew existed.

When I am with you I am smiling
without you I am crying
With you by my side I am strong
without you I am weak.
