Smile

When you smile

I smile

When you laugh

I laugh

I wanna be there you are

I don't want to leave you

You are so cute

And when i'm with you

I just want to smile all day

And laugh all the time

Cause you have a wonderful smile

And a wonderful laugh

My treasure

That's you

No one is like you

You are better than everyone else

Your smile is the best

I can watch you smile forever and ever

I hope you now

That you are my treasure,

My heart and my soul

And i love you my baby
