shots #5 a heartbeat away (version 3)

#5. a heartbeat away

& so you drift; & you wind up further down the night
detached from any sense of self; stripped to a naked pulse
barbed wire nerves the void between stars
merely a heartbeat away

99 smashed up faces on a wall of mirrors
smoking the blood of nights unborn echoes of yr footsteps
merely a heartbeat away

stiletto heels & razorblade knives in the bathroom
& you - in the half-light w. a fistful of psychotropic relief
merely a heartbeat away
