congratulations, I love you

no one ever say that life was fear
and I am not saying that it should be
I just want a life like anyone other

swing life away
no way, you cant stop me
I listen to my hope inside
saying that I dont have to think so much
pretending that I dont hear
just like you do
when I cry hopelessly for help

where are you?
stop saying that you will always be there
I know that you are lying right in my face

just come clean and GO AWAY
of course I want you to stay
but it best for me if you just disappare

congratulations, I love you

but I will never forgive you for your sins
