## **Dreams**

Feels like yesterday, today, tomorrow  
Feelings of grief, feelings of sorrow  
Feelings i follow, fellings i borrow

Will it end? This everlasting pain?  
Everyday i feel the same  
Shiverring in the rain  
Affraid of hearing your name

Shadows embrace and covers my face  
Im lost in the maze  
Lost in your eyes  
Sparkling like sapphire haze

Now you are here  
the one i hold dear  
Now you are gone  
Dreams dont last long  
Slowly fading away  
I try to hold on  
But dreams dont last long

Feels like yesterday, today, tomorrow  
Feelings of grief, feelings of sorrow  
falling to sleep, falling deep  
Deep into the dream  
Into the arms of your regime

But dreams dont last long

Morning comes and you are gone
