star ride

standing at your door
waiting for you to come and open
when you finally do
you havent your shoes on

we cant go away
and catch the stars with our eyes

I wait for her to get the shoes
but after an hour
I walk in and see
that she has escaped from the window

I go out to see the moon
and there you are
you probally took a star to ride
up to the sky
I dont know why
and thats why I cry

because I will never see you again
at least not tonight
