

Publicerad 2008-10-01 16:02 av Nerak

to be better, to burn

One man cannot change another
but faith and friendship can change the world.

happines can be found for you brother
Remmember that you can be free like a bird.

Remmember that we will always be hotter
until we burn every one of our words.

This world may not be so rotten
as you have thought and have been learned.
