Losing my mind over you .. ?

I'm going crazy here.

Do I have to be the one to take the first step?

Why not you? It's not fair.

Maybe you already did but I'm not sure you have.

Nothing makes sense anymore and still, I can't get it
out of my head.

If you only knew how much I think about you.

You would probably think I'm crazy.

I'm about to loose my mind.

And it's all because of you.

But I can't give up on you. Not now.

Make it stop and please ..

~~Please, tell me everything's gonna turn out just fine..~~
