Den här ska tas med en rejäl nypa salt. "Radical cheerleaders" sjunger ju manshatarlåtar, så jag skrev en kvinnohatartext istället. Tillägnad alla hycklande sexistiska vrålapor som dömer ut en enbart på grund av ens kön.

Never Trust A Woman

Never let a woman get into your life

If you turn them your back

they cut you with a knife

Women are fake, women are whores

They steal everything you got

and then they come back for more

Frustration

Menstruation

Manipulation

Never trust a woman

Psycho bitches, unstable witches

Never trust a woman

Get rid of them, there's no time to wait

So get laid and then leave 'em before it's to late

Your woman is a fake

even if you think she's the one

But the day you really need someone

that day she's gone

She will steal your soul and break your heart

She will stab it with a knife and tear it all apart

Never trust a woman

'cause nothing matters to them,

It doesn't even matter if you do your best

The bitches are insane, the bitches got PMS
